

MISCELLANEOUS.

1853. BAILEY'S SPRINGS, 1853.
NINE M. LBS. MONTH OF FLORENCE,
Lanarkshire, Co. Ala.

THIS GREAT FOUNTAIN OF HEALTH

is now open for the reception of patients
who have been cured when last seen, and all who
go now can be accommodated. It would be useless to at-
tempt to give a full account of the many diseases cured by the use of
the water.

Hundreds have left for these Springs, sick and feeble, hav-
ing suffered from every species of disease, but after a few weeks' stay, and a course of treatment, have
been restored to health. Many have come from the dead-
ly diseases of the South, and especially from those that had a strong
hold upon them. Many prominent persons throughout
town and country, and especially in Nashville, met with
success.

A Regular Mail Line of Four-Horse Coaches
will run three times per week to these Springs, leaving
Nashville Tuesdays, Thursdays and Saturday mornings,
and returning on the following days. Passengers can get on or off
as they wish, by taking the accommodation coach to Columbia,
and the Mail Line route to the Springs.

For further information apply to the General
Stage Office, Cedar Street.
